

Project Profile

Astaldi Construction Corporation Naples, Florida

Description of Project:

Hypower Renewable Energy Division recently completed a turn-key, building-integrated, rooftop solar energy system on the ASTALDI Construction Corporation office building in Davie, Florida. The 24kW FlexLight solar photovoltaic system has real-time solar monitoring that measures the environmental offsets generated by the system in tangible terms such as pounds of CO₂ or gallons of gasoline. <http://www.astaldisolar.com/>
