Summary

HYPOWER ELECTRICAL SERVICES GROUP

HYPOWER ELECTRICAL SERVICES GROUP

Hypower Electrical Services and Special Projects Group provides 24/7 high-quality and professional services to local businesses, property managers, assisted living, institutional, and industrial facilities. The group services most of South Florida, handling projects from simple service calls to new construction. Hypower has served Florida for over 30 years and is fully licensed, bonded, and insured. The Group is currently helping to rebuild the west coast of Florida while installing hundreds of EV chargers and generators and completing 40-year instruction work across the state.

Why Hypower?

TURNKEY ASSISTANCE WITH THE "40-YEAR AND OLDER BUILDING SAFETY INSPECTION PROGRAM"

WHAT OUR CLIENTS SAY:

★★★★★

Various Service Jobs:

"I have been in the building engineering field for over 15 years and have worked very closely with many different trades, both in new construction and older buildings. When I started at Margaritaville Hollywood Beach Resort I was skeptical of all the companies the building was using as their outside contractors(because of past experience).
Hypower was one of the first outside contractors I had contact with. The experience made me feel better about their capabilities, eagerness to resolve issues, and quality of workmanship. Gus, one of their licensed service techs is very knowledgeable, hardworking and always has a solution for any problem we have had.
I would and do recommend them to anyone that asks for a reputable electrical contractor."

TONY RODRIGUEZ,
Assistant Director of Engineering-
Margaritaville Hollywood Beach
